# BELONGING

STUDENT LIFE REFLECTS THE SENSE OF BELONGING, INITIALLY ONE STARTS BELONGING BY IDENTIFYING WITH HIS CLASS, CHANGES DEVELOP AS ONE REACHES OUT BY BEING A LEADER OR A RESPONS BLE FOLLOWER, LEARNING TO BELONG IS AN IMPORTANT CHANGE

Skippers' fantasy world comes true

## It's Skipper pride

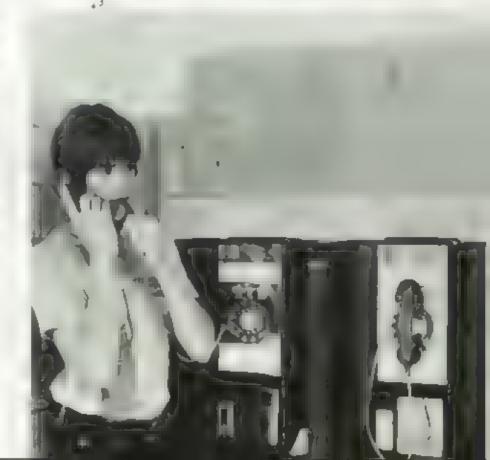

What made the week of September 24th through the 19th more special than any of the other 40 weeks we spent at Waterford III was spirit week and what a week it was

The students enthus asm grew each day with grub day ersey day and gooty accessor as day to owed by liker decoration day and a new winner of the staircase decoration competition this year.

On finday to end the week on a colorful note the students entered the homecoming pep assembly displaying their Township pride of blue and gold where the Marching Skippers, took the honor of having the winning staircase.

Donna Bora and Diane Colbeth are caught hamming trup in tront of one of the many orders decorated for Spirit Week 2. Homecoming committee member Dawn Turner prepares the Queen's throne 3. According to this poster a Villing victory is on the ine.

W.T. is a Silverdome sensation

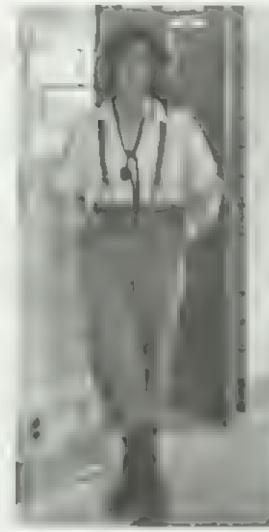

# This year it was . . .

This year it was the western look, designer jeans. Macs for lunch, decorating the inside of your looker and Tradewinds between classes.

Those were just some of the things that were familiar to W. T. students. As you waked down the hall you could see cowboy boots, hats and western style shirts. If you looked closely you could also see the many decorations inside lockers with everything imaginable being pinned up on the locker doors. You could see students stopping at the drinking fountain or hitting Tradewinds to tide over their appetites until lunch.

When lunch finally came around you could students from W. T. just about anywhere you could find food. Some of their favorite places were Kens Pizza, McDonald's and Baskin Robbins. Or, you could find your friends eating in the cafeteria either inhaling a school lunch or one of their own.

This was the look of Waterford f 1979 80 and because the fads come and go quite v, the student body awaits the coming of next year's fads

The performing arts class and the drama club, after many hours of practice, presented the plays, The Long Christmas Dinner and The Gift of the Magi in December

The drama club took The Gift of the Magi to a district competition and placed second against seven other schools

Flora Kocsis, as Delfa Young, and Tim Hein as Jim Young, had the lead roles and did an outstanding job dur. ing their two performances on December 4th and 5th.

The play, in which a young couple secrifices the greatest personal treasures as a sign of their love for each other expressed the true meaning of Christmas

The Long Christmas Dinner, presented by the perform ng arts class was about a family's traditional Christmas dinner throughout the years. They went through the many changes during their lives. They also represented the togetherness at Christmas that everyone could relate to

### PARTICIPATING

### ORGANIZATIONS -

Participating in the various organizations at W. T brings about change as one faces new and exciting situations. Whether it is organizing hor accoming arranging a horseback ride, or researching for a debate one broaders his ablities by thinking and becoming active in events that are of his interests. An organization gives one the chance to not only think for himself but also to think for and as a group. The responsibility of making careful decisions is passed on to those who decide to become leaders. Partaking in an organization provides an apportunity to learn how to deal with others but mainly how to handle and expressionese i

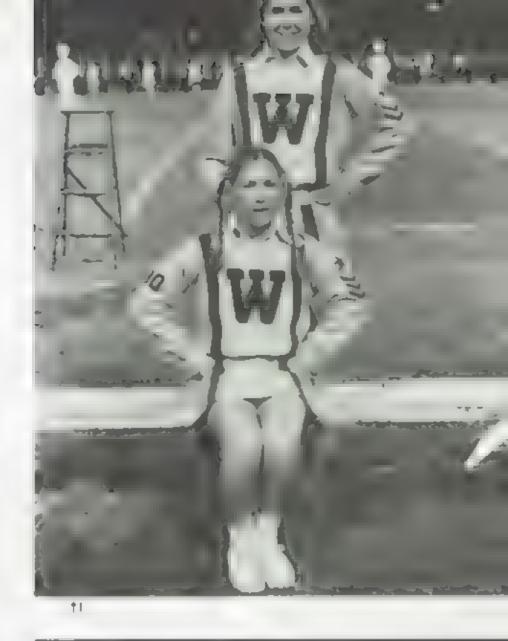

# When Varsity yells people listen

Smiting is a good description of our versity cheerleaders this year. Bouncing with energy and flashing those pearly whites did wonders at camp. The number of awards won is evidence of their practice and skill

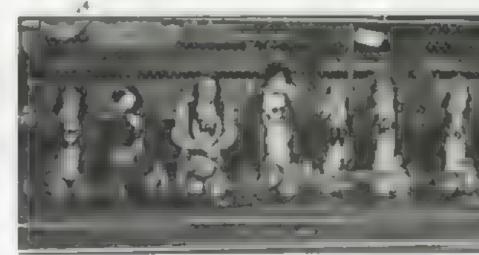

Again this year, the girls attended the DCA cheerleading camp. They received six blue ribbons for various achievements two were for their outstanding spirit. Out of all the squads attending this camp, ours received a ribbon for best dance routine.

1. Captern Melissa McKinstry and co-captain Sue Schettling pose for Mr. LaZaroff 2. Bay Broeker and Stady Hollister give the crowd a warm homecoming hello. 3. Kethy Alonzo spots John Travolta in the crowd. 4. The Yarsity crew takes a hot chocolate break during the cold weather game.

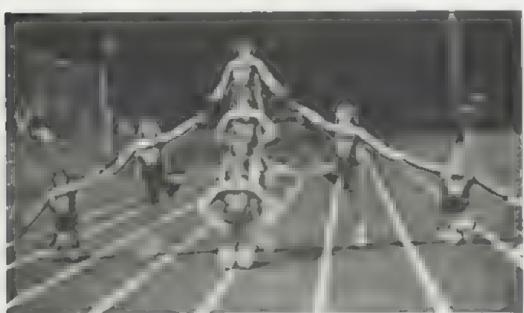

# J.V. has special spirit

Our j.v. cheerleaders really encouraged our j.v. teams on to victory and gave the fans their special spirit. A lot of their enthusiasm was carried over from their accomplishments at camp. Coming home with a first place over-all and first place for pep assembly, they really proved to be winners

Their new sponsor was a former W.T. varsity cheerleader captain. Darlena Cheshure. She he ped the squad in various ways to improve their skills and strengthen their spirit

I. Captern Sharri Freeberry and co-captein Sue Richardson pose during half-time. 2, William JV, cheers. Slipper's defeat," 3, "Watch out. Capteins Francine O Hala's coming through," 4. Wendi Mahalick and Wendi Dann show that their spirit is on the loose.

#### Pompon girls Dancin' to the music

Smiles, kicks, and swishing poms are the trademarks of a great pom pon squad

There were sixteen girls led by sponsor. Mrs. Zider and co-captains Kim Heaseth and Sandy Gillies. These girls made it their aim to make the marching season more colorful and to entertain basketball fans during half time. They practiced many hours after school, preparing for performances. They also spent seven days at Badgerette camp where their efforts were rewarded. They received a second place overall trophy and placed third for an originality routine.

Co-captains, Sandy Green and Kim Masseth perficipate in planning and performing pompon routines together. 2. Cindy Harding passes her poms to Kim Cole 3. A shippermile conquers all 4. Kerry Gillespie watching to make sure of her marching.

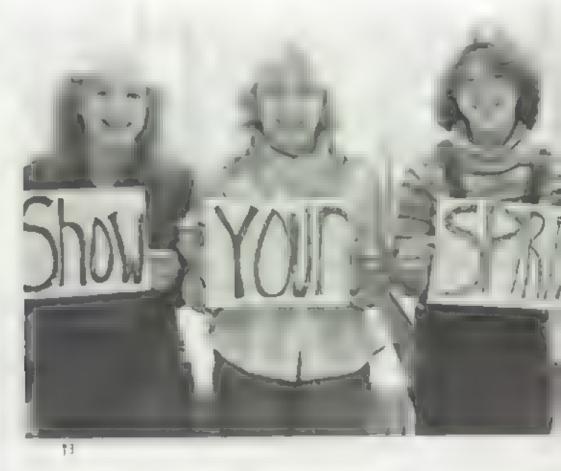

#### S.Y.S. spreads its roots

We ve got spirit, yes we do, we've got spirit how bout you?
This year S.Y.S. (Show Your Spirit club) definitely had spirit.
Led by President Julie Neubeck. Vice-President Debbie Dragmiller, Secretary Karie Kinder, Treasurer Shawn Cronan, and Sponsor Mary Richman. S.Y.S. was a booming success.

During homecoming, our S.Y.S. Skippers were responsible for the brightly decorated hallways. They spent many hours coloring posters of all the different fall activities

Outside homecoming S.Y.S. members continued to color posters, sell programs, distribute pep buttons, and above all, keep up the super Skipper spirit!

I Terri Gidcumb loots for help from a friend 2 S.Y.S. President in a Neubeck smile or the camera 1 S.Y.S. officers Julia Neubeck Debb. Drowner and Shawn Gronan show their spirit.

#### Our band is best

Our band started early this year trying to make the 79.80 school year look and sound better than ever. In August, they attended a camp in Hale, Michigan, There, Mr. Spry put hard work and lots of time into action and made the two shows per formed at the Silverdome, on September 7th, a big hit. One week later, the band went to M.S.U. for band day, They and other high school bands put on pre-game and half-time shows. They also played various concerts in and out of our school throughout the year, and some band members participated in the basketball pep band or in the jazz band.

Also this year, the band did other extra things, like decorating the winning staircase for homecoming Friday, and defeating W.K.H.S. Band in a flag-football game 41-27

This year, the two drum majors, Jack Ziem and Carla McGowin led the band during marching season. They helped to keep the band on its toes

Instead of four, there were six majorettes this year, with Karol Kerenan and Leshe Nugent as the captains. The girls did original routines and had feature numbers of their own during the band's performances.

A new addition to the band this year was the flag corps. The girls, fourteen in all, including co-captains Julie Munn and Sherri Gravlin, spun the school colors proudly to the beat of the band

#### S.C. spells success

The '79-'80 student council certainly took care of school business this year. Led by President Carl Solden, Vica-President Rob Wilson. Secretary Missy Fulgenzi, and Treasurer Amy Gaeth student council had nothing but success

They planned dances, candy sales, concessions, and a skating party at the Rolladium. They successfully sponsored the Good fellow can food drive and the Red Cross blood drive

The senior class officers were President Sherry Rumph, Vice-President Terry Freebury, Secretary Vicci Carpenter, and Treasurer Lisa Piche. The junior class officers were President Paul Duff, Vice-President Sherri Freebury Secretary Bev Broeker, and Treasurer Julie LeBlanc. The sophomore class officers were President Steve Frazzini, Vice-President Holly Anselmi, Secretary Kathy Johnson, and Treasurer Chris Goodwin.

I Bey Broeker and Julie LeBlanc keep student council matters under control 2. Toby and Holly Ansami make student council a family affair, 3. Student council officers Amy Gaeth. Rob Wilson: Carl Solden, and Missy Fulgenzi pose for a piciture. 4. President Carl Solden and his men discuss student council events.

#### N.H.S. most active yet

National Horizon biety, led by Mrs. Osen and Mrs. Venial was more active this year than any year before. They strived to expand their cultural awareness. They visited the Music Hall in Detroit, the planetarium at Cranbrook and the Meadowbrook estates. NHS approvided a tutoring service as well as offering their services to the school during graduation and at other times during the year.

N.H.S. is composed of fudents who meet the standards of their teachers in the area. If service character leadership and academic achievement.

Km Ar extra from an . While waiting at the Music Hall Jane
to share a program 3. Mark Payne poses for a picture at
the analysis arium 4. National Honor Society member. Cryste is a
to a strain and the strain.

#### Ride 'em

Our riding team may have been small, but they had a lot of enthusiasm. Consisting of four junior and sophomore inders, they competed with much larger teams in the district, and in the spring they competed in open shows.

It takes a lot of skill practice and concentration to ride well and our team had it. They have applied to the Michigan High School Athletic Association to have recognition as a sport

1. Jodi Still shows us her style. 2. Mrs. Montroy praises their nding. 3. Victo Sandage stops Bill Hillard to discuss nding techniques. 4. Mr. Edistops to say "hello to the riding team. 5. Bill Hillard rounds the corner with still."

#### Saddle up

Horseback riding, horse shows havrides and sleigh rides are what the twenty members of the riding club participated in this year. They rode in the fall until November and then again in the spring

Western riding lessons at Doug Ware's boarding farm was another activity during the winter months. This year was the riding club's tenth year as an active W.T. organization

1. Mrs. Montroy combs her mare's hair. 2. Jeff Joseph takes a walk through a field. 3. Mrs. Montroy and Steve Schumen pose with Benedict. 4. The end is near.

#### Doing something extra

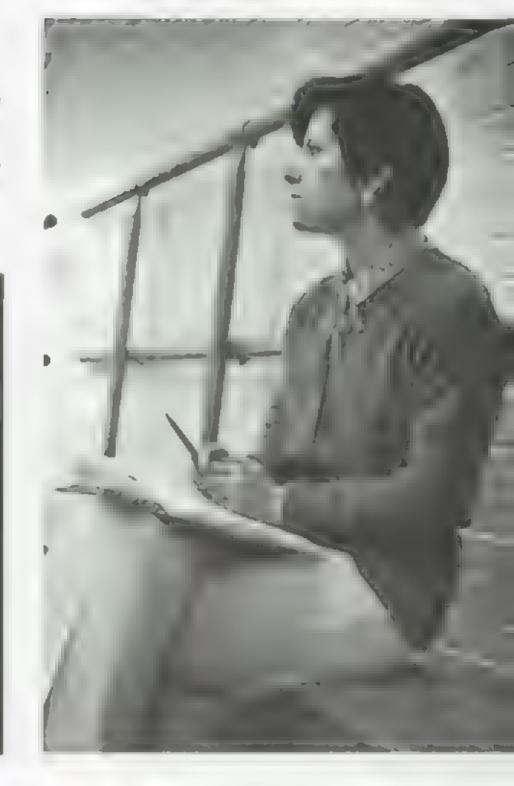

W. T.'s extra-curricular activities and organizations are made possible by the group of W.T. staff that acts as chaperones and sponsors

These people devote both school time and spare time to supervise various groups and activities that range from float building to car washing

Thanks, sponsors

# Choirs keep in tune

The '79 80 chair consisted of approximately 6 students, who were divided into four groups. A cappella and mixed chair met during school third and fourth hours. They went caroling at Green field Village, presented programs at the junior high and elementary schools, and put on their annual Christmas and spring concerts

Waves, the girls barbershop group, and Admirals, the boys' barbershop quartet, met after school. The Admirals performed at St. James Episcopal Church along with many other places

Together these groups performed "You're e Good Man, Charlie Brown" for the Congregational Church of Birmingham and for Silver Lake Elementary school

### CHALLENGE

A Skipper athlete is constantly faced with challenges. Sports involve the challenge of developing one's abilities in both performance and attitude.

Being an athlete requires hours of dedicated practice and hard training. The athlete is also required to develop a positive attitude toward the importance of how the game is played and not only whether one wins or loses. Athletes who accept these challenges will prosper with successful seasons

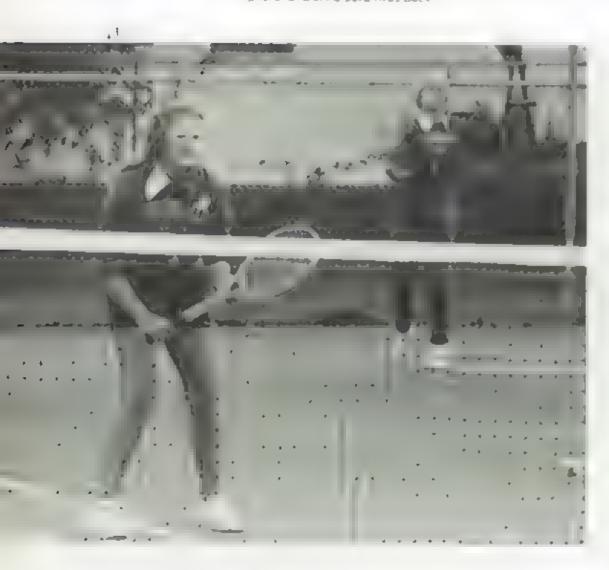

## Billie Jean started like this?

This year's tennis team suffered a disappointing season as they posted a 1-14 record. Many players gained valuable experience that will help them next season

The Skippers will lose #1 singles player Donna Bora but have a good nucleus returning. Diane Colbeth and Lisa Beveridge, both singles players, along with this year's top doubles team of Laurie Fleming and Brigitte Cook will all be back which will make the team much more competitive next fall.

I Number one doubles team Leurie Fleming and Brig He Cook await return of their opponents volley. 2 Lise Beveridge displays that total concentration of a winner. 3 Victs VanLoozen dreams of a smashing return by Heidi. Hess for a WT victory. 4, Denise Fater follows through an her famous Chrissy Evert-Lloyd backhand. 5. Number two singles. Diene Colbeth sends a wave to her faithful fan. Mom. as she returns the Wilson 5 sphere. 6. Donna Bora fires back.

# Skippers break to best season ever

I M has Par ton, the second to live the trace and Direct park to the trace the trace and the content of the con

The 1979 girls' varsity bastetball team won more games this year than any other year before. The team is very proud of this record

The team, this year, consisted of eight members, six returning lettermen and two sophomores. The seniors were Glenda Kittles Mary Ann Schell, and Terry Smith. The juniors were Jan Chocianawich. Donna Glewski, and Robin Rose. Also the sophomores Michele Perkip and Mary Peterman provided spark to the club

This year's highlights were victories over both Mott and Kettering. They defeated Mott by a score of 56-44 and Kettering with a score of 46-45

Their main goal was to win the league title. But this year with that hope diminished, their aim is to win it next year. They feel this goal will be easily within their reach.

This was Mr. Kulinski's second year of coaching the team. He felt the team did a good job and worked hard toward all of their goals

# J.V. improves

This year's j.v. squad consisted of nine girls. All showed the enthusiasm and team spirit that is required of a good team. While they didn't enjoy a great season, record-wise they displayed much improvement throughout the year making for a super future varsity.

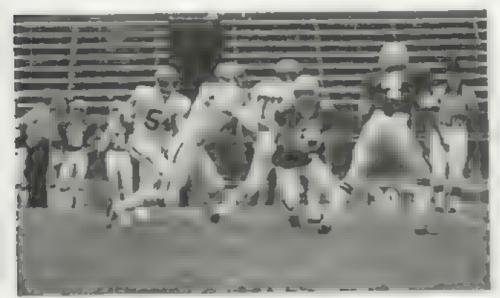

1. Pem Warden sets her sights on the basket. 2. Team members express game idea to Coach Nickman. 3. Carla Dailey (# 24) releases a shot over Captains, heads.

The j.v. football team had a terrific season this year finishing with seven wins and no losses. Once the team got charged up they could not be stopped. They went into a rampage defeating every team in their path. The team was sparked by the running of the many talented running backs that gave them numerous touchdowns against their opponents. The first string defense was extremely efficient, allowing only two points to be scored upon them. Although the backs received the credit for scoring the offensive line did the hard work by opening the holes for triumph

### Varsity comes close

The 1979 Waterford Township Varsity Football posted a 8 remaining time timest in twenty-two years. The only blemish on the containing ame at the hands of the Livonia fields of the rest home game of the year. After suffering their series time, proceeded to win their remaining six of tests all by a margin of more than twenty-four points and the eliged out of the MHSAA state playoffs by two percent age points.

The accomplishments of this year's team were many, team as well as individua. First the third traight year, the Skippers took the Waterford Chance in his deterating the Corsairs of Mott 38 6 and the Captain. It Kettering 45-6. Waterford's iffense led Oak and linearly averaging over 400 yards per game. Leading the Infense was Marty Scott who led the try in scoring and became the first 1 000 yard rusher in Skipper history. The final county poll placed our team second while the state poll gave us honorable mention.

Dwayne Hardin, Butch Plaugher, Karl McNamara, Marth to the he Inut and Dennis Trosen were all named to the All-League first team. Gaining honorable mention were Brian Armstrong, Terry Combs, Barry Com

### Cagers break record

Under the direction of Mr. Ziem, who is in his second year as coach the Skipper basketball team moved out to a quick 4-2 record. Avoiding any unforeseen breakdowns this season's squad should undoubtedly break the school mark of 10 victories. Led by junior "big men" Ken Hayward and Carl Solden, who dominated the boards, and with Tom Boomer adding scoring strength the Skippers edged Livonia Stevensor 54-52 in the opening league game. As of this writing Township satisfied the league standings, owning the only undefeated mark. With eight lettermen returning next year the outlook is good for yet another winning season.

1. Senior Tom Shelinut shoots over an Adams defender in the Skipper's opening game. 2 Coach Ziem explains the strategy to the Skipper squad. 3. John Coe shoots a leaping tayup. 4. Carl Solden drives in for two more. 5. Junior Rick Feria is on his way down after netting two, 5. Ken Hayward gets up during the opening tip of the Livonia game.

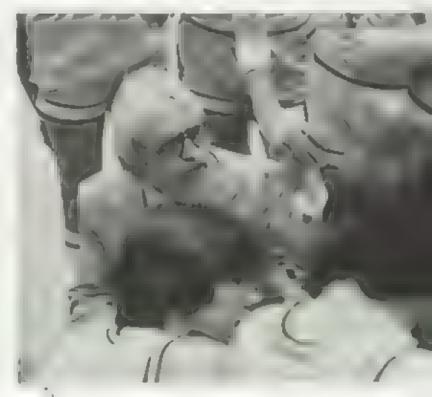

# J.V. does it again

#### J.V. masters fundamentals

This 1980 i.v. volleyball squad was made up of a mixture of sophomores and juniors, and a fired-up coach, Mrs. Line. As is the case with most i.v. volleyball squads, much of their time was spent on learning and mastering the game's fundamentals. With the varsity losing 3 players there is much room for experienced i.v. netters to move in and make W.T. a contender for the '81 league crown

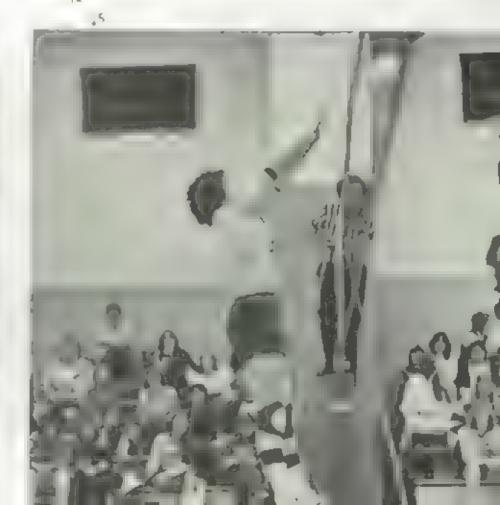

1. Tammy Mockstad, using her mighty Skipper powers, punches the ball over the net. 2. The team is pleased with the new starting kneup that Mrs. Line gave them, 3. Jen Chocianowicz demon strates her spiking sk. is. 4. Juli Kwapisz sets the ball up to a fellow team member.

# Skipper work at i

This year's volleyball team consisted of a group of girls who possessed a great deal of talent. Led by co-captains Glenda Kittles and Mary Ann Schell, the Skippers main tained the enthusiasm and desire to win, despite some disappointing losses. The Township squad was plagued by the nability to mold the wealth of talent in order for their full potential to be reached.

Why to a so Barnar shot the alipper weaster 2 Brock teams attended to the Arman Tall and a return to a some first that a

# Wrestling builds up

The 1979-1980 wrestling team had a large number of experienced seniors and inexperienced sophologous. Seniors John Fleming, Joey Barnier, Dave Scott, and Ray Hayden led the Skipper team to a second place finish at the L'anse Creuse North Invitational, Sophomores Brian Louse, Dale Chesure John Stickley, Stacy Overly, Dave Campbell, Steve Frazzini, Todd Starnes and Thurlow Minhinnick were all varsity members and should guarantee future success of wrestling at Waterford

Kris Anderson displays good form as she makes her way lown the course. 2. During pre-season practice, ski team members, ski the bleachers. 3. John Cleaver checks out ourse conditions. 4. Team members meet at the bottom of the hill to discuss and compare their times. 5. Tom Pfaff feels the tension begin to mount as he waits at the top. 8. Brant Martle adusts Toby Anselmis bindings. 7. Manipulating her edges Chris Batchelor completes a strong run. 8. Toby picks up speed as he passes through the last set of gates.

# SKIPPERS

The education one acquires through ecademics enables him to change and become a skipper. All those who attend Water tord Township carry the nickname of being a Skipper. But learning through our classes helps us find another definition of t Keeping in mind that a skipper is usually the leader or a ship we then apply this meaning to our individual lives. We become our own leaders by carrying the examples and less taught to us at school. We accept the responsibility if our lives and develop our abilities to make what we want of our lives. We take new situations and accept the challenges they bring. We lead our lives with courage and hold the remembrance that we are truly skippers.

# Our English ain't bad

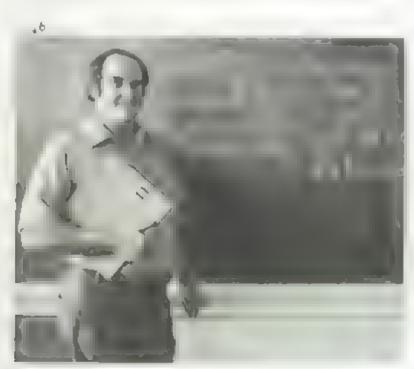

As in previous years, many new additions were made to the English department

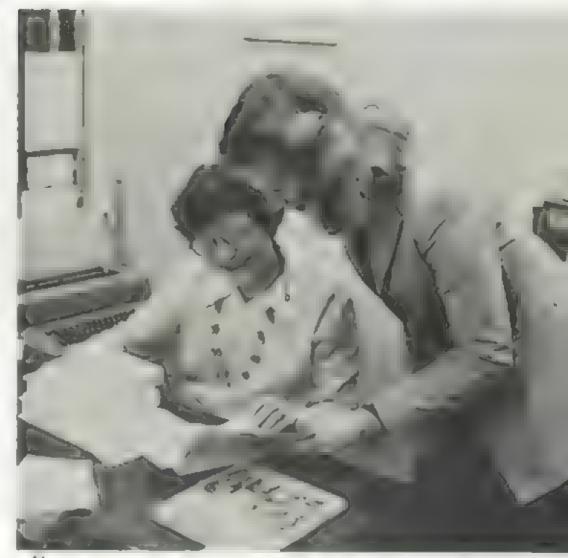

A great percentage of students selected courses other than the ones required to graduate. This proved that students are taking a greater interest in earning and perfecting their grammar. College Composition courses were filled and Miss Pollard was added to the college prep course along with Mrs Zidar. Another college preparatory course College Skills, continued to improve vocabularies as Mrs Donigan divided the work load with Mr. Wurdock

first ling levels were raised as literature courses gaine i more popularity.

The ten week crasses offered students a variety of reading and writing courses

Mr. Burns Mr. Davidson, Mrs. Donigan, Mr. Kazanis Mr. Kettler M ss Pollard Mrs. Smith Mr. Wurdock and Mrs Zidar

The B expert det of thomosts growers, associated and the second of the s

### Just say it!

The first time a student gets up in front of a class he is nervous. He tries not to show it. The student ooks at the audience and recognizes a few, It's a new class with new faces that he hasn't yet come to know. The second time he won't be as nervous as the first and so on, until he isn't uneasy any more.

hear of public speaking is something that speech class teaches students to overcome. Speech is a required course that must be completed before going on to the more advanced classes like reasoning or debate.

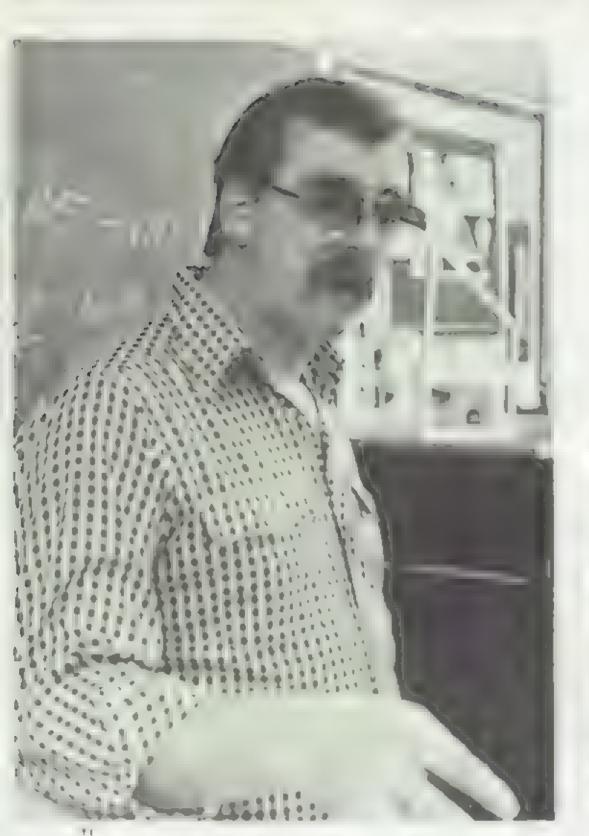

The speech teachers were: Mr. Bergsrud, Mr. Shepherd, Mr. Kettler, and Mr. Michael

I. Sandy Humphrey tries to be serious, 2. A speaker's view, 3 fenn Dicklands a hand with props.

#### Argue it out!

This year the topic for debate was the foreign trade policy. All year the team collected evidence and research on foreign trade. When the evidence was compiled and categorized they began debate

There are two people on an affirmative side and two people on a negative side. The two sides do not argue against each other, but together they form a team. There are two leagues

Last year they went to the state finals and won many awards. Ron Reynolds is the only person on the team this year who won an award last year

There are awards for first place, second place, etc. and individual trophies for the top speakers. Mr. Shep herd taught debate and traveled with them to their league meets

I. Mr. Shepherd is left speechiess. 2. Karen Kreiner and Julie Frayer go over their debate cards. 3. Ron Reynolds tells a joke, but Steve Schluchter doesn't get it.

## Math interest grows

the state of the s

Mathematics is an integral part of our lives. Without it undertakings from balancing our checkbo is, to building cities would be virtually impossible. At W.T.H.S. the courses in the math curriculum were extremely varied

For the students not interested in attending college, there were remedial classes for brushing up on their math skills.

The most advanced classes that were offered such as Algebra I Aigebra II, geometry, math analysis and calculus were generally for llege bound students. All courses were very popular, thus showing the increase in student interest toward college.

Again this year Mrs. Venie taught the calculus class for advanced students. Since its beginning at W.T.H.S. the number for students enrolled in the calculus class has grown considerably throughout each successive year.

The other members of the math department were: Mr. Cuthrell Mr. Line Mrs. Oisen and Mr. J. White

#### Sun shines in on I.A.

The 1979-1980 school year was an eventful one for the industrial arts department. It began last summer with the building of an addition to the school. The latest innovation of the industrial arts complex is the automotive shop. The shop contains several new machines used for testing automobiles.

Other classes that were offered in this curricular were the same as in previous years. Drafting, metal shop wood ship, and small engines classes all saw many students enrolled who were interested in building upon their mechanical abilities.

The premier project this year was accomplished by the building trades class. This is basically an on the job classroom for the students of the three area high schools who are interested in carpentry. The project built by the answar a solar energy efficient home. This house relies upon the design and materials of the building itself in their than any type of mach nery to transport and store the power of the sun. The house contains a solar energy space heater and solar water heater. A greenhouse was built off the side of the house to absorb the sun's heat and help warm the house in the winter. The planned energy citis for the house are estimated at around fifty percent better than a linear tonal heating methods.

The members of the industrial arts staff were Mr. Klenk, Mr. Meyer Mr. Kage Mr. Johnson, Mr. Inman, Mr. Cork Mr. Beedle and Mr. Benson

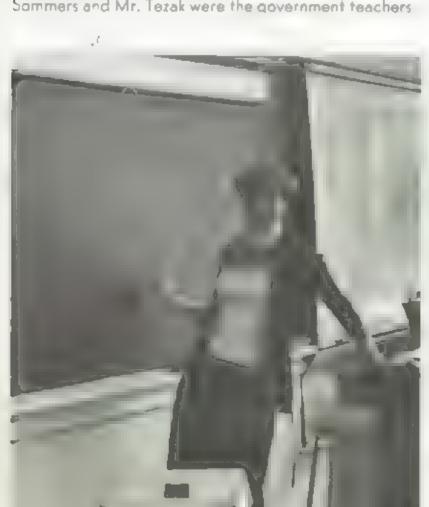

# They're really into the story of man

The social studies classes at WTHS learned about the different histories ultures and governments of many diverse civilizations throughout the history of the world. The teachers were assisted in the task of instructing students in these areas by textbooks, movies, tilmstrips

Just a few of the many social studies courses were western civilization. U.S. history, anthropology, and government

With the help of Mrs. Failing and Mr. Lerner, the western civilian studied Mercon ranean and European societies from prehistoric times through today, In J.S. history, which was instructed by Mr. Johns Mr. Zem Mr. Tezak Mr. Alsup Mrs. Failing, and Mr. Lerner students were taught the fascinating background if our own country. Anthropology was a popular class taught by Mrs. Montroy which involved the study of the physical and mental aspects of man had how he is affected by his environment. Government, a required course for seniors located into different types of government and the basic structure of democracy. Mr. Sammers and Mr. Tezak were the government teachers.

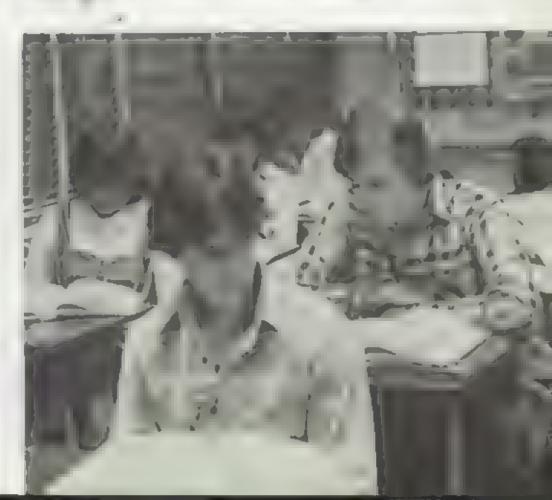

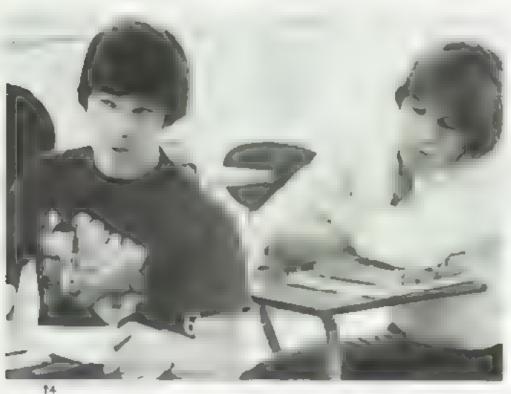

A CONTRACTOR OF THE CONTRACTOR

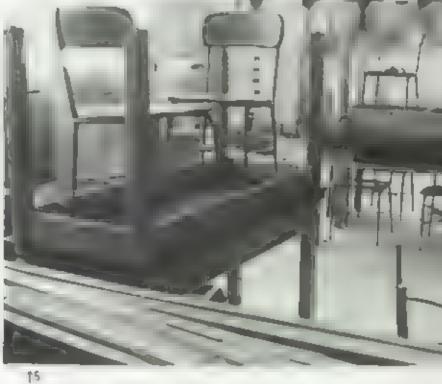

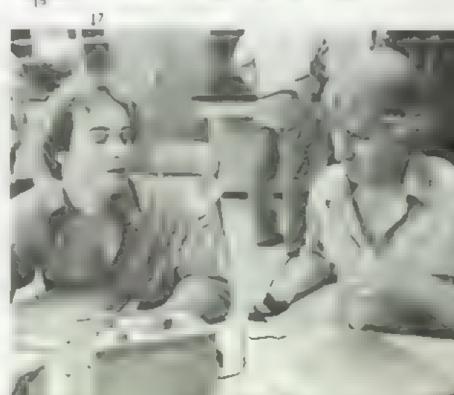

I Mrs. Ward checks the time 2 Mr. Clark ier tures to his students on the importance of understanding radicals. 3 A sophomore bid ogy class en nys hearing about the litery is of piatchelm nities. 4 Terry Nardone memorizes 5 not title mes innotes too the chemistry axiam. 5 A common scene during the first half of the school year as the bigings rooms undergo several hanges to A typilla is tuat in tirst semester was finding but that Mr. White sick assistant in the briary again. 7 Tiby Ansem shuts his eyes as left Burns hooks him up for a shocking experience. 8 Mr. Scroby looks by bring a student's test 9 Todd Starnes and Stacy Minicipal compare nutes.

# Science gets new facility

In spite of the reconstruction of two of the science rooms this year, the students and staff of the science department continued to maintain a learning atmosphere

Biology I, Biology II, physics, chemistry physical science, and Advanced Placement Biology were the six courses available to students

The newest addition to W.T. was the Advanced Placement Biology class, taught by Mr. White. This full year course prepared advanced biology students for the Advanced Placement Exam in the month of May. The class was comprised of detailed material and was equivalent to a college freshman biology course.

Mr. Clark, Mr. Scroby, Mr. White, Mrs. Ward, and the "new" physics instructor Mr. Donelson, made up the science department.

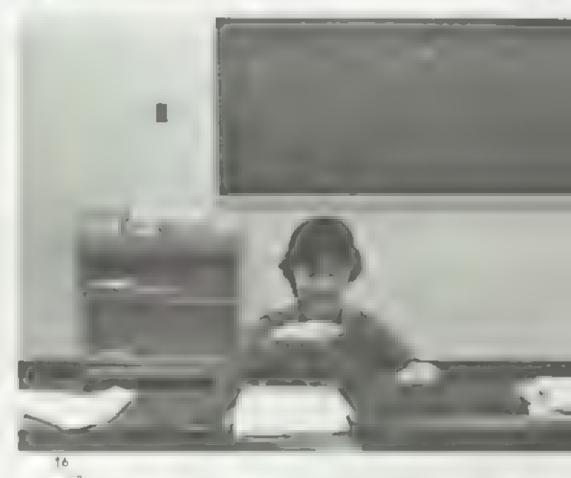

1. Jane Lindsay rehearses for the upcoming Christmas concert. 2 Nick Romeos keeps an eye on the lyncs. 3 Band members strive for perfection. 4. During the first ten weeks, the flag corps puts it together. 5. Rob Perkins is in deep concentration as he memorizes his sheet music. 6. Mrs. Beck indicates the height of a note. 7 Roger Heitzeg demonstrates his "tuba talent." 8. Theresa Smith and Flora Kocsis take a minute to catch their breaths. 9. Tracey Earl. Lisa LeClair and Beth Lamphere are in perfect harmony. 10 Controlling the tempo. Mr. Spry directs the band.

## We've got Rhythm

remind of music could be heard or ft ing down corridors every first hour. This year's band was known for its excellent sound it took patience and long hard hours that hours have will never forget

ty's Band Day uniting a pep assembly presenting an all new band concert were just some of the activities in which the band was

Besides directing the band, Mr. Spry made additions and changes in the tight ng which was originally written by Mr.

Choir was a combination of four groups

The girl's barbershop or Waves and the boy's barbershop or the Admirals, which was comprised of four boys, were two

Mrs. Beck's fourth hour mixed chair was very productive throughout the schoolives

hour. The officer win Presidents Dan Swartz and Flora Kocsis Treasurer Dave with and Secretary Julie Turner. The a cap pella group performed several places during the year such as various elementary and union high schools. Greenfield Village, and the Waterford Historical Society.

### They do their jobs

Co-operative training, or co-op size with a students to work and earn it are, when at the same time earn credits toward graduater. The benefits of getting a job through compare than the extra money. The program he public extra confidence and provides experien a nomental and dealing with people.

This year there were two many control to participate in. The health co-op, run by Mrs Forkins, had students working in Pontiac General Joseph's, and Pontiac Osteopathic hospitals, along with several other area medical facilities.

The business of private another option for the dents who wished to work. There were three dissions: retail, office or business, and trade and the sign of the structure. Mr. Harper ran the retail of the structure of the structur

## Students brush up talent

Subjects covered in art courses at WTHS were design, drawing painting, ceramics, and general crafts. There were advanced courses in crafts and fine arts for the student who was interested in an in depth look at these subjects.

Another of the interesting classes that were offered to creative students was Jewelry and Metalcraft. In this class, students formed wires and sheet metal into jewelry and other objects

Faculty in the art department included Mr. Banick, Mrs. Pety Mrs. Lanthorne, and Mr. Shepherd

when he had a second of the se

# W.T.H.S. is fit for phys. ed.

t a good workout? Well if that's what was needed to trustudents at W.T.H.S. the gym was the place to find to As in the past physical education was one of the more popular courses among the students. There were many at the that were litered trust and the year

as an outdoor sport combined with an indoor sport. The most popular of these was the football/basketball class. Also a class in volleyball and tennis was enjoyed by the students. Both of these classes were very successful as far as enrollment went.

Other classes included the standard general physica.

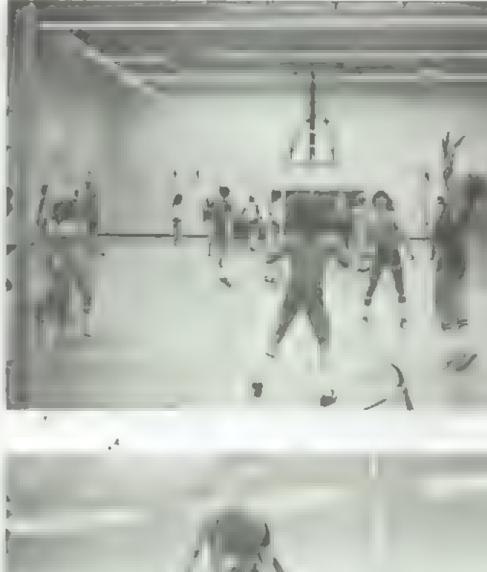

I will a class for sophomores. Also, there was a gymnas to the standard for more advanced students and this particular course was taught by Ms. Phillips. Other activities outside of the course plan ranged from kickball to weight fting.

The other two members of the physical education tepartment were Mr. Peraino and Mr. Kulinsk

# puts it together

In her second year at W.T.H.S. Mrs. McArthur headed up the home economics department, The classes this year were all very popular, and enroll ment for all the classes was up over the previous year including both girls and guys

Many different aspects of homemaking were covered by the classes offered in the curriculum. As in the past, cooking and sewing were the primary fields of study, but the department offered much wore. Classes were given to teach students how to bre for the child (Child Development) basic consumer education (C.O.S.T.), and home decorating (Design in the Home)

The remaining classes in the curriculum were Homemaking Limited Clothing Specialties H.E.L.P., Time Savers, and Family Meals Service For an assignment in the class, Family Meals Service prepared and cooked several delicious dinners for the class throughout the year

# Creativity is the key

The Waterford Student Times held a staff of twenty-seven hard-working reporters and copywriters as shown by the talent put into each school paper.

With the largest staff of the three high schools, W.T. constructed the layouts and sent them to Clarkston

As part of the newspaper staff. Bill Masters photographed many of the pictures used by the Times.

Twenty-three students diligently prepared and perfected the Waterlog 80 for its introduction to W.T. students. From the first week of school, yearbook staff members hung posters on every available space they could find to publicize when and where the Waterlog would be on sale. Proving successful, the class succeeding in selling the most yearbooks and advertisements ever

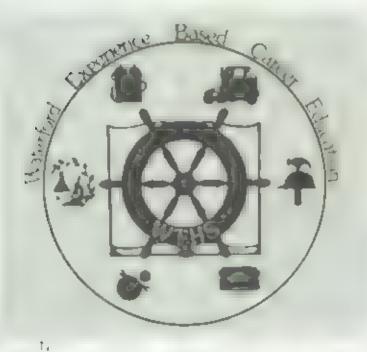

# Students explore alternatives

Reading Development was offered five hours this year and supplied students with Reading Government and Reading U.S. History courses especially designed to help students understand their textbooks. Mr. Norman conducted the program in such a way that students could identify with the reading material

This year's L.R.C. was directed by Mrs. Fox and assisted by Mr. Midtgard. The Learning Resource Center enabled students to understand certain aca demic areas and to be given a chance to team on a one-to-one basis.

W E.B C.E. is a six-hour atternative high school which gives juniors and seniors an opportunity to earn a diploma through experience in involvement on community and commercial sites.

The focal points of WEB.C.E. were: projects, life skills creative development competencies and career development. These were general curriculum requirements coordinated by Mr. Cubbin

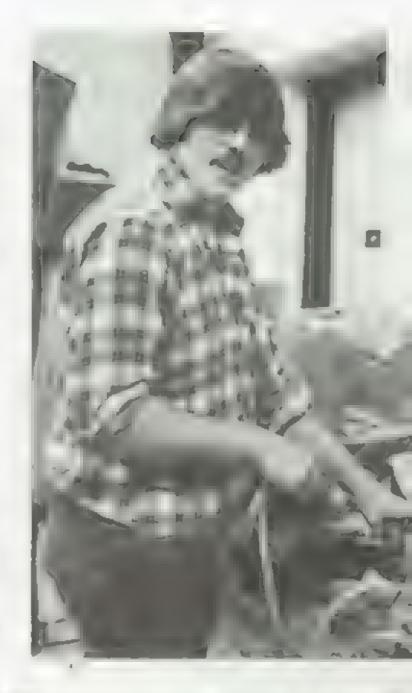

### They learn a trade

The Northwest Oakland V ational Education Lenter, or voc school is a program for students the provide them with entry level job skills. This knowledge is also helpful for those students who wish to continue their education beyond high school in related technical areas. The center is clerated as an extension of the home high schools, and students still had classes at their home school for part of the day.

Student services provided included job place ment, a special needs program for handicapped it disabled students, on the job training which was work activities related to training at the center and a follow-up report one year after gradual

Several areas that students entered were commercial art, landscape and horticulture, and major appliance service. Sophomores who were considering voc school, visited the center in February Daniel Manthei was the principal and John Tuckei was the counselor at the center.

P + mail is a moster, or term, P + scrown and a Star or no a service and

## They do it all for us

This year the cooks and custod ans worked harder than ever. Not many people realize how hard it is to cook 450 meals a day, or what a big job it is to clean up after the students have gone home. The cooks and custodians, led by Mrs. Hunt and Mr. DeRousha did these jobs all year ong without complaint

I. Mr. Olms works at one of his many tasks, 2. Mrs. Hunt and Mrs. Molina hand out lunches to hungry students. 3. Mr. Woon cleans up after a messy unch.

#### Staff shows its stuff

Most people really do not realize who keeps our school from getting piled up in paperwork. They are the office staff. These people keep our school in order. Mrs. Alexan der, Mrs. Hetherington, Mrs. Berg, Mrs. Meacham, Mrs. Reynolds, Mrs. Lauer and Mrs. Stack do the terrific job keeping our records straight on almost everything.

Discipline supervision is what Mary Richman and Maryn White were hired to do. They re the ones who supervise the student body throughout the school day. They enforce with the rules and also aid Mr. Thorelf Mr. Merritt and Miss Bulia

Finally the first person seen in the morning by staff and students is Sherry Piles, the parking lot attendant who were an eye on our parking problems

tian ther busy day at the office for Mrs. Reynolds 2. Mrs. Mealtan tax it is concerned parent. 3. Mrs. Richman, holds the fort "until the colorest 4. Bit. Masters tries to convince Mrs. Herrelligton that his approximation and particular tries.

#### The aides have it!

Teachers' aides were students who did and learned nany skills related to the teaching field

The learning process is very individualistic. Each aide had different experiences and needs and therefore earned different skills. For instance, if a student wanted to improve his bookkeeping, he would work in the book store.

Being an aide is not as easy as it sounds. They tutor one or a group of students or teach a class on an occasional or regular basis. A designade papers, work around the school and go to other schools such as junior high and elementary schools

Mrs. Gair in was in charge of the course. She held seminars in which were discussed many topics, and help was provided. Sixty-five students this year learned what helping others is all about in the teacher aide program.

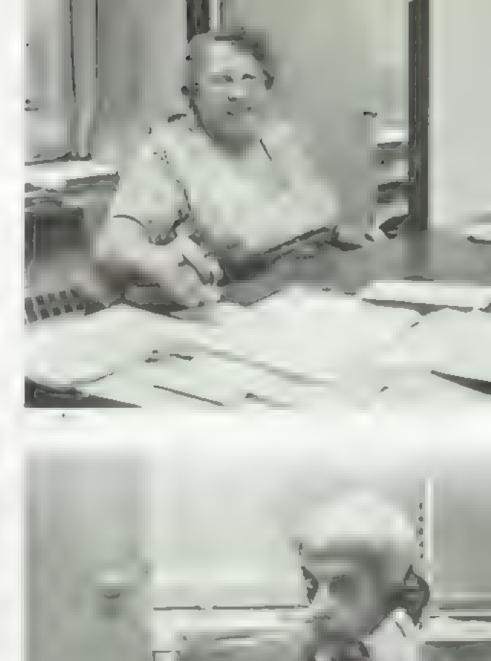

Manual of the day sales of the day sales

### Administration is there

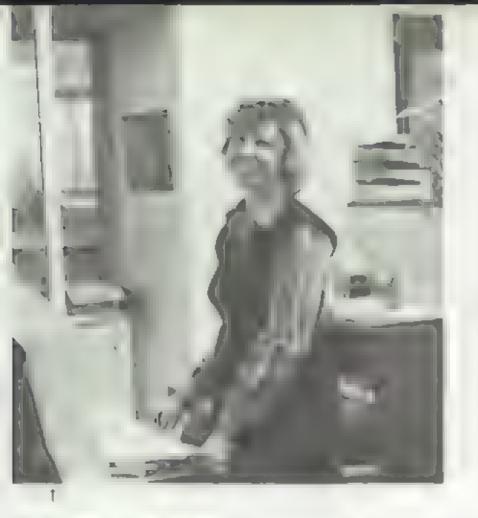

The three old reliables Mr. Thorels Mr. Merrit and Miss Build again handled the arduous task of control in a the students of Waterford Township and all of the responsibilities that are a part of school administration. They have the object of disciplining the students, and they can always be found in the halls during breaks monitoring dances and keeping an eye on boisterous fans at athletic events. Whenever a situation demanded we could always count on our administration

### Counseling leads us

The counseling department was very helpful this year. The staff of Mr. Crane. Mrs. Norman. Mr. Hendrickson Mrs. Moss, and department secretary Mrs. Stack were very busy in assisting the students of W.T.H.S.

Each counselor was responsible for a designated number of students who were alphabetically categorized. They were wise to the needs and understanding of each student and grade. If one required help in choosing an appropriate course, the counselors would assist him in enrolling in the proper classes. The seniors relied upon the help and guidance of the counselors the most. Information about schol arships, schools, and courses was always attainable by just visiting a counselor.

I. Mrs. Moss smiles at the thought of taking a break, 2. Mrs. Norman finds some humor in the last remark, 3. Mr. Crane and Mr. Hendrickson check the second semester schedule, 4. Helping Mr. Merntt with a question is Mrs. Stack.

MAGINE

## PORTRAITS=

The reason you went to the reunion was to see what changes have occurred in your old classmates and to reflect upon your own personal growth and change. The changes are obvious and pronounced because of the gap in time

Change and growth in our three years of high school are more fricult to detect on a day to day basis than the changes ten or fifteen years later. But, the growth in our three years of high school is both radical and necessary. Life at W.T.H.S. provides the ideal opportunity for these changes.

## Right on, "Rooks"

The new sophomore officers have done a great job this year

Our officers this year were President Steve Frazzini, Vice President Holly Anselmi, Secretary Kathy Johnson, and Treasurer Chris Goodwin

Some of the things they did were sponsoring dances helping with the Goodfellows canned goods drive, and selling candy to raise money for their class. Last but not least they organized this year's winning homecoming float

Keep up the good work guys, and make the class of 82 the best!

I Sophomore secretary Kathy Johnson counts some of the class "petty cash, 2 Tivear's sophomore officers were Kathy Johnson Chris Goodwin Holly Anselm a Steve Frazzini. 3. Holly Anselm ponders a very serious council question 4. Sophomore Wendy Minalet cheers on the sophs.

## SHARING

Sharing is the act of helping one another. A prough one's high school years a person will either active help from others or give help to those when he an. This process of sharing either one's knowledge or bilities, is continued for long after high school handed It is necessary and important for one to support in a dithose who are in need. Though sharing is not aught in the formal education at Township affected in many areas upon the students. Learning the importance of sharing is a valuable less.

#### CHANGES

The '79 80 school year has come to an end but to many it signifies a new beginning. We are saying goodbye to this school year and a part of our lives, but we are greeting new situations and challenges.

Decisions of the future rest in the minds that have graduated from proud W.T. We ll be the leaders, the officials, and the ones who carry the burdens of society as we mature into adults. The opinions, ideals, and goals that are in our minds are the foundation of our society. The way we deal with the crises of today is important for our future

Our school days fade ... names are lost events are forgotten, but what we do carry with us is the ideals and personalities we acquired in high school that affects our ives. We are today the foundation of the future. We are the beginnings to many great things.

Hostages were held in Iran Khomein was man of the year. Discoldes DREAD lives on Elevel were trampled to death at Who concert... Yearbook sold a record 890 books. Inflation rose to double digit Russia invaded Afghanistan... Gold skyrocketed. Kodak raised prices 75 percent... Kermit became star... Flag Corps had a successful first year. Township competed at the Silverdime. Mileges tailed an failed. No snow made a green Christmas. Pope came to the U.S. Pink became popular. baskett a won... New Waterford Civic Center opened... Michigan lost their roses again. Chrysler taced hard times... Gas prices rose over a dollar... A new decade...
